DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claim(s) 1-10 and 27-28, drawn to an ultraphobic surface.

Group 2, claim(s) 11-15 and 29-31, drawn to materials having ultraphobic surfaces.

Group 3, claim(s) 16 and 32-34, drawn to a process for preparing an ultraphobic surface.

Group 4, claim(s) 17, 35, and 45, drawn to a process for preparing an ultraphobic surface.

Group 5, claim(s) 18-25, 36-44, and 46, drawn to a process for preparing an ultraphobic surface.

Group 6, claim(s) 26 and 47-51, drawn to a method of testing surface properties of ultraphobic surfaces.

2. The inventions listed as Groups 1-3, 4, 5, and 6 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The ultraphobic surfaces in groups 4, 5, and 6 do not require the same properties as the ultraphobic surfaces in groups 1-3. Further, claim 1 is either obvious over or anticipated by US 5277788. Accordingly, the special technical feature linking the inventions in groups 1-3, an ultraphobic surface, does not provide a contribution over

the prior art, and no single general inventive concept exists. Therefore, restriction is appropriate.

3. A telephone call was made to Mr. Surinder Sachar on April 22, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
